In the pharmaceutical sector, *Ayurvedic* pharmacy is rising at a tremendous rate and will have a brilliant future due to the worldwide growing popularity and reliability on this holistic science. For the manufacturing of authentic and quality controlled drugs, qualified and quality assured *Ayurved* pharmacists are needed. I take proud to say that our college is the only college in Gujarat offering *Ayurved* pharmacy education to produce skilled and enthusiastic young *Ayurved* pharmacists. This course has a bright present and future. At IIAPS, we do not just impart knowledge to our students, we educate them.

Dr. V J Shukla  
Ph. D. (Phytochemistry)  
I/C Principal  
IIAPS  
Gujarat Ayurved University
“Ayurvedic medicine is a system of Hindu traditional medicine native to the Indian subcontinent and a form of alternative medicine. The oldest known Ayurvedic texts are the Suśrutha Saṃhitā and the Charaka Saṃhitā. These Classical Sanskrit texts are among the foundational and formally compiled works of Ayurveda. By the medieval period, Ayurvedic practitioners developed a number of medicinal preparations and surgical procedures for the treatment of various ailments. In the last few decades, Ayurveda has spread throughout the World. Up to 80 percent of people in India use some form of traditional medicine, a category which includes Ayurveda.”
“It is rightly said that successful treatment of a disease depends upon correct diagnosis and the use of authentic medicines”

With the tremendous upsurge of interest in Ayurved, a need was felt for an intensive training to produce quality Ayurvedic drugs. In 1999, Indian Institute of Ayurvedic Pharmaceutical Sciences came into existence, which is a constituent Institute of the globally known Gujarat Ayurveded University. The courses offered by the college are UGC and Gujarat Government registered.

“IT is the World’s First Ayurved Pharmacy College
&
The Only Such College in the Entire Gujarat State”
With ISO 9001: 2008 certification
and
financial aid by department of AYUSH – Government of India
